JITC MISSION

JITC supports the Warfighters in their effort to manage information on and off the battlefield, including:

- ◆ Identifying and solving Command, Control, Communications, Computers and Intelligence (C⁴I) and combat support systems interoperability deficiencies.
- ◆ C⁴I joint and combined interoperability testing, evaluation and certification.
- ◆ C⁴I interoperability support, operational field assessments, and technical assistance to the CINCs, Services and Agencies.
- ◆ Independent operational test and evaluation/assessment of DISA and other DOD C⁴I acquisitions.
- ◆ Training on C⁴I systems, as appropriate.
